RIVARESTORE
Made in Italy

Spare-parts Rivarossi 1:80

SFN 1501

Material: zinc-alloy (Zama)
Processing: burnished black

Notes construction techniques and quality

Gear housing for steam locomotives type Gr. 740, 0-8-0 (Indian) and 280 (consolidation).The spare part is delivered already cleaned of casting residues with treatment black burnishing on the zamak as originally occurred. Strict tolerance dimensional on the centering of the brass bushing of the motor; the detail is complete with calibrated holes for mounting between the engine and the tender frame. The four pins securing the tender frame engage with the maximum precision.
